More than ever before in very personal concern. The corporate executive office matter, encompassing all and nuclear. Much of the electric power.

As the supplier of electricity receiving an increasing we are taking this advert on this subject.

QUESTION: Is there or will there be a in UP&LCo's area this year?

ANSWER: Barring some unforeseen circumstances we have an adequate supply of electricity for the present and foreseeable future. An estimate has been made to be large enough for over 200 years and there are very large areas of our service area. UP&LCo uses coal to generate most of the electricity supplied to

The following have been filed with the State Engineer to appropriate water in Wasatch County throughout the entire year unless otherwise designated. Locations in SLB&M.

43047 (55-5367) Adamson, 2236 Laird Lake City, Utah 84114. 0.015 sec. ft. of water is to be diverted from a 6-inch well, 250 ft. deep at a point E. 2830 ft. and S. 285 ft. NW Cor. Sec. II, T4S, R5E; and used for the domestic purposes of one family, stockwatering of 4 horses, from Apr. 1 to Oct. 15 for the irrigation of 0.25 acres, NE1/4 Sec. 11, T4S, R5E.
